| Care              | Remove and wash the outer cover regularly using mild detergent; air dry for best results. Do not wash or soak the memory foam; spot clean gently with a damp cloth if needed. Keep away from direct sunlight or high heat to maintain foam shape and durability. Store in a cool, dry place when not in use, preferably in a carry bag. Avoid folding or compressing tightly for long periods to retain shape and support. |
